JOIN US @ CSR SUMMIT

The inaugural **IIT Madras' CSR Awards 2023 - 'Building India 2047' Technology for Better Tomorrow'** will be bestowed at the IITM flagship summit on **17th February 2024**.

The summit seeks to showcase unique and innovative technology-driven social impact solutions across teams at IIT Madras and celebrate tech-driven innovations under CSR by various corporates. The Chief Guest for the event is Dr. Palanivel Thiaga Rajan, Honourable Minister for Information Technology and Digital Services of Tamil Nadu.

This program is open to Corporate Leaders and CSR Heads on an invitation basis. Kindly register [here](#)

IITM AND HYUNDAI JOIN HANDS FOR A HYDROGEN-POWERED FUTURE

IIT Madras, at the forefront of sustainable innovation, has collaborated with Hyundai Motor India and Guidance Tamil Nadu to establish a **"Hydrogen Valley Innovation Hub."** This MoU, signed during the Tamil Nadu Global Investors Meet, marks a significant ₹100 crore initiative to develop a green hydrogen ecosystem in India.

This landmark initiative's MoU was facilitated by Guidance TN and exchanged between Mr. Unsoo Kim, MD & CEO, Hyundai Motor India Limited, and Prof. V. Kamakoti, Director, Indian Institute of Technology Madras. Dr. TRB Rajaa, Hon'ble Minister for Industries, Investment Promotion & Commerce of Tamil Nadu, graced the occasion.

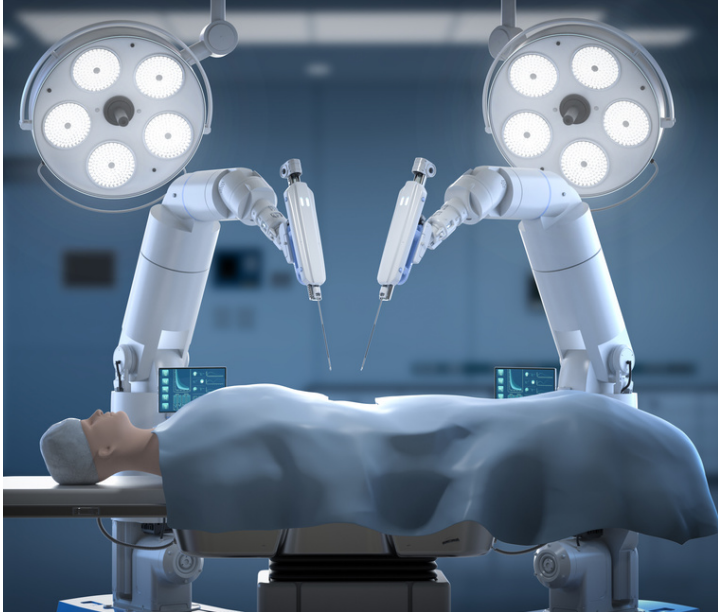

Connect with us to enable greener future through tech-powered sustainability partnerships!

CSR SPOTLIGHT

Creating a Next-Gen Robotic Surgery Technology Centre

We invite interested corporates to partner with us in creating a cutting-edge world-class R&D center that will develop next-gen robotic surgery technology. The goals:

- **Generate 10+ global patents**
- **Train 100+ researchers, students, interns**
- **Develop 5+ robotic surgery technologies**
- **Have 10+ Globally leading collaborators**

Connect with us today to explore collaboration possibilities.

NEWS AND EVENTS

Innovative Device Aims to Make Breast Cancer Treatment More Accessible

SBI General Insurance and the Indian Institute of Technology Madras (IIT Madras) are igniting hope for breast cancer patients with a transformative collaboration. Under the Corporate Social Responsibility (CSR) program, IIT Madras developing a Thermal Therapy Device, offering a potentially groundbreaking and affordable approach to treatment.

This initiative tackles two major challenges: cost and accessibility. The device, designed and manufactured in India, aims to provide an affordable solution for advanced-stage patients. Additionally, it utilizes hyperthermia, a heat-based therapy that boosts the effectiveness of radio and chemotherapy, potentially improving treatment outcomes while reducing maintenance costs.

TESTIMONIAL

"I am confident that the creation of the eMobility Simulation Lab at IIT Madras represents a pivotal stride in advancing research within the electric vehicle domain and advocating for sustainable transportation solutions."

We are thrilled to join forces with IIT Madras in this endeavour, turning this forward-thinking initiative into reality. Our unwavering commitment extends to providing continuous support and expertise to guarantee the project's triumphant execution."

MR. VISHWANATH RAO
Managing Director, Altair
